MUNICIPAL REGULATIONS

For Payment of Bills Against the City

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

ARTHUR E. ROBY,

City Clerk.

INAUGURAL ADDRESS

The members of the Board of Aldermen by an informal vote expressed the opinion that the inaugural ceremonies should be brief and simple, hence I shall endeavor to make this address harmonize with that idea.

It is my feeling that during the past two years the business of the City has been handled with efficiency and dispatch, which I hope and believe will continue.

The structure of our municipal government is such that no one person, group, or body can be held wholly responsible for the financial condition of the City. Many salaries are fixed by legislative enactment. The schools, which spend 45c of every dollar raised by taxation, are under the direction of the School Board which is annually endorsed by the voters of the Union School District, and over which the Mayor and Board of Aldermen have no jurisdiction. With this complication in view, it is plain that there must be constant and whole-hearted co-operation among all branches of the City Government if good results are to be attained.

On January 1, 1932, there was outstanding $186,000. in uncollected 1931 taxes as compared with $154,000. uncollected January 1, 1931 on taxes assessed for 1930. The appropriation for City Poor has doubled since 1928, and now amounts to $14,000. Because of business conditions the money market is such that there is but a limited demand this year for tax anticipation notes. This danger is acute, and I expect that the City will have difficulty in borrowing funds in anticipation of taxes thru the usual channels.

This is no time for stagy and drastic recommendations from the Mayor. We are in the midst of a trying period, confronted by serious problems, which we should strive to meet with wisdom and courage with the good of the

City, as a whole, constantly in view. There should be rigid and wise economy in all Departments, but there seems to be no immediate necessity for adding to the ranks of the unemployed by discontinuing the normal and necessary activities of municipal government.

If we all put our heads and hearts in the work, expenses can be reduced, money saved, and, in the absence of unforeseen emergencies, the tax-rate lowered, but this would mean team-work and honest effort on the part of every employee of the City. The only certain way to save money is to spend less than your normal income, and so I earnestly request all heads of departments to spend less than their budget allowance if possible, to be frugal and thrifty without being pound-foolish. Let us all try to get along without things, big and little, which would be good to have if we could afford them. And in this connection let me very respectfully request the general public not to ask for improvements which we might properly have if conditions were different, but at the present time are plainly beyond our means. All efforts to establish a system of rational economy will meet with my unstinted sympathy and assistance.

Many important projects and payments were completed during the past two years, but the tax rate in 1930 showed but a small increase and in 1931 the rate was slightly reduced.

Payment of $10,000. originally obligated in 1894 on account of land in rear of State Library, was made in 1931.

Improvements in East Concord consist of:— the extension of the sewer system, the construction of the Water System, new sidewalks, and the purchase of new fire equipment including a 300 gallon pump.

A new Ahrens Fox Pump has been installed at the Central Fire Station;—the Kearsarge, formerly at the Central, transferred to West Concord.

A new right of way has been obtained for the Prison Sewer from the Olson Granite Company. This has allowed the building of a new stone shed, which means an increase in employment in the City.

The Gulley Hill Road has been improved, removing a danger point at which many accidents have occurred. This work was done under the direction of the State, the City contributing one-half the cost.

Repairs and improvements in City Hall and Auditorium have been completed, which facilitate the handling of city business and give our citizens a convenient place to hold meetings; such as, concerts, theatricals, Walker Lectures, and other gatherings.

The offices of City Engineer and Superintendent of Streets have been consolidated, and the new department is in charge of Fred W. Lang, Commissioner of Public Works. The work of these two departments was very closely related, and the consolidation seems to be a distinct success.

Outlying roads not cared for in 1931 should be given needed attention in order to protect the original investment. South Pembroke Road should be further improved to care for drainage, and the road around Long Pond should be completed. The sewer complication at Fowler Street, Penacook, should be adjusted and the sewer built in 1932, together with other necessary sewer extensions.

The Zoning Ordinance should be so amended that the district outside the Building Code limits would be, generally speaking, in the manufacturing area.

In my opinion relief to City Poor should be conducted thru one agency.

All city employees handling money should be bonded to the full extent of the hazard involved.

The Memorial Athletic Field has been wisely managed by the Commissioners in charge and has become a val-

uable asset to the City. The Beaver Meadow Municipal Golf Club is a surprising success, both socially and financially, and in 1931 paid a very satisfactory return on the investment.

In the interests of the City and the general public, all roads in common use within the corporate limits should be legally accepted.

Before closing I wish to gratefully acknowledge the work of Elwin L. Page, former City Solicitor, and express the hope that he will enjoy in his new career the success to which his talents and high character entitle him.

I also take this opportunity to express my hearty appreciation for the time and effort given by the Trustees and Commissioners connected with the City's activities, and for the many courtesies extended to me by board members, officials, in fact every employee of the City of Concord.

ORDINANCES AND RESOLUTIONS

Passed During the Year Ending January 9, 1933.

An Ordinance amending chapter 36 of the revised ordinances.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

Amend Chapter 36 of the Revised Ordinances by striking out the whole of Section 2, and inserting in place thereof the following:

Section 2. The minimum rate of wages to able-bodied city employees working by the day shall be thirty-three and one-third cents per hour.

Passed March 14, 1932.

An Ordinance relating to the storage of light fuel or range oil.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

Section 1. Light fuel oil or kerosene oil for use in kitchen ranges and similar heating appliances shall be stored in tight metal containers of not exceeding 150 gallon capacity for each family, and having non-leakable faucets. If kept in the building in which said oil is to be used, they shall be located in the basement or ground floor thereof, and not nearer than five feet from wooden partitions or other inflamable material, unless such partitions and inflamable material is first protected by a substantial covering of fire resisting material.

Sect. 2. In mercantile or apartment buildings where no basement is available for use of tenants of upper floors, such containers shall be limited to ten gallon capacity per family, if stored or kept above the first or ground floor thereof.

Sect. 3. The Chief of the Fire Department, or such persons as he may designate, are hereby authorized to require the compliance with this ordinance, and failure to comply with the

written order of such official shall be punishable by a fine of not exceeding ten dollars ($10.00), for every day during which the user of such light fuel or range oil shall fail to comply with said order.

Passed June 13, 1932.

AN ORDINANCE TO LICENSE AND REGULATE THE USE OF TAXICABS.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Every motor vehicle that uses the streets of the City for the purpose of carrying passengers for hire, except busses, trolley cars operated by the Concord Electric Railways, and motor vehicles used at funerals, weddings and public parades, shall be deemed to be a taxicab, and must be licensed under this ordinance.

SECT. 2. The Police Board as established, may from time to time, in its discretion, grant licenses permitting taxicabs as defined in Section 1, to be operated in the city of Concord, upon such terms and to such individuals, partnerships, and corporations as it may deem expedient.

SECT. 3. Applications for taxicab licenses under this ordinance shall be made upon forms provided by the City Clerk, who shall keep a record of all applications and licenses granted. All information required by the Police Board shall be completely furnished by the applicant, and all licenses shall be numbered in order as granted. The fee for each taxicab licensed hereunder shall be $15.00 and shall be paid to the City Clerk at the time such license is issued. No license shall be sold, assigned, or transferred, without the consent in writing, of said Police Board. Every license granted hereunder shall apply only to the particular taxicab designated therein by its number or otherwise made certain.

SECT. 4. It shall be unlawful for the registered owner to operate or permit to be operated, a taxicab as defined herein, nor shall any license for a taxicab be issued hereunder, until and unless the applicant for license deposits with the City Clerk, a policy or certificate of liability insurance for each taxicab for which license is sought; said policy or certificate

of liability insurance to be acceptable and approved by the City Solicitor and issued by a company authorized to do business in the State of New Hampshire, indemnifying the applicant in the sum of at least five thousand dollars ($5,000), for injury to one person, and ten thousand dollars ($10,000), for injury to more than one person, and five thousand dollars ($5,000) for property damage, in any one accident, through the operation of the taxicab of the applicant; or unless said applicant shall deposit in lieu thereof, the bond of a surety company authorized to do business in the State of New Hampshire, running to the City of Concord, and indemnifying persons who may be injured, or whose property may be damaged by the operation of such taxicab, in the same amount and conditioned that action may be brought thereon, by any person so damaged against said surety company for the amount of such damage up to the amount named therein, such bond to be approved by the City Solicitor. The policy of insurance or bond so deposited shall contain a clause obliging the company issuing the same to give ten (10) days written notice to the City Clerk, before cancellation thereof. The license for the operation of such taxicab shall expire upon the lapse or termination of said policy or bond.

SECT. 5. The Police Board may, upon the conviction of the registered owner of any taxicab licensed under this ordinance, of a violation of this or any other ordinance of the City of Concord, or of any offense against the laws of the State of New Hampshire, suspend or revoke the license of each taxicab licensed by such owner. Every taxicab license shall expire on the first day of October next following the date of its issuance.

SECT. 6. The Police Board may, in its discretion, issue to such persons as it may deem expedient, licenses to operate taxicabs. Applications for such operator's license shall be on forms provided by the City Clerk who shall keep a record of all applications and licenses granted. Each application shall contain the name, address, age, and a personal description of the applicant, and such other information as the Police Board may require. The fee for each operator's license shall be One Dollar ($1.00), which shall be paid to the City Clerk at the time said license is issued. No license shall be granted hereunder to any person under the age of eighteen years, nor unless the applicant can read, write and speak the English language in-

telligently, nor unless the applicant shall present a valid license as chauffeur issued to him by the State Registrar of Motor Vehicles. All licenses granted to taxicab operators shall expire on the first day of October next following the date of their issuance.

SECT. 7. Every licensed taxicab operator shall be furnished at the expense of the city, upon issuance of a license, with a suitable metal badge, of a design to be determined by the Police Board, said badge to be plainly inscribed with the words "City of Concord, Taxicab," and a number thereon corresponding to the number of the license issued to such operator. The aforesaid badge shall be worn by such operator in a conspicuous place on the outside front portion of the coat or the cap, at all times when on duty, and shall be delivered to the City Clerk, upon the termination, revocation, or suspension of said license.

SECT. 8. Upon a conviction of a violation by an operator licensed under this ordinance, of this or any ordinance of the City of Concord, or of any offense against the laws of the State of New Hampshire, the Police Board may in its discretion suspend or revoke such license.

SECT. 9. The suspension or revocation of any operator driver's license by the State Registrar of Motor Vehicles, shall automatically suspend his license to operate a taxicab issued hereunder. Such suspended or revoked license hereunder may be restored, upon application to the Police Board, in its discretion, but such restoration shall not be made until the State Registrar of Motor Vehicles has restored the license issued by his office.

SECT. 10. No taxicab licensed under this ordinance shall be parked on Main, Pleasant, Warren, School, Capitol, or Park Streets between Main and State Streets, between the hours of 7 a. m. and 11 p. m. longer than to discharge or take on passengers, unless in actual service, provided however, that the Chief of Police, may, upon notice to him by one or more owners or operators of taxicabs, that the designated parking space on Pleasant Street Extension is unsafe, by reason of ice, snow, or other conditions, permit said taxicabs to park on Main Street until in his judgment such unsafe conditions is terminated. Pleasant Street beginning ten feet east from the east line of Main Street is hereby designated as parking places for said taxicabs, and reserved for

such purpose. The Board of Mayor and Aldermen may from time to time designate locations, streets, and public places where, and the hours during which such taxicabs may so stand and may cancel, and change such locations or hours as and whenever the public interest seems to it to require such change.

SECT. 11. No taxicab operator shall stop to take on or to discharge passengers on any street, square or public place except at the curb or as near thereto as possible, nor shall any passenger be permitted to enter or leave a taxicab except from the side nearest the curb; nor shall any person be permitted to sit or ride upon any fender, dash, step, running board, top or door of a taxicab.

SECT. 12. No taxicab operator shall cruise or drive up and down the streets of the city to solicit business nor shall any taxicab operator or his agent solicit business on any public street or place, other than parking places designated by the Board of Mayor and Aldermen for such taxicabs. No taxicab operator shall interfere in any way with the free passage of pedestrian or vehicular traffic while standing to solicit business, or use ungentlemanly speech or conduct.

SECT. 13. The violation of any provision of this ordinance shall be punishable by a fine not to exceed twenty dollars ($20.00) for each offense.

SECT. 14. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect Oct. 1, 1932.

Passed August 8, 1932.

AN ORDINANCE IN AMENDMENT OF SECTION 13, CHAPTER 3, OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

That Section 13 of Chapter 3 of the Revised Ordinances be amended by striking out the whole thereof and substituting the following:

"SECT. 13. The committee on finance shall, at the close of each financial year, and as much oftener as they shall deem it expedient, cause to be examined the accounts of the city treas-

urer, and for that purpose shall have access to all the books and vouchers in his possession or in the possession of the city clerk or any other officer of the city. Said comittee shall not only cause to be compared said account with the vouchers thereof, but shall ascertain whether all moneys due the city have been collected and accounted for. They shall also cause to be examined all bonds, notes, and securities in the treasurer's hands belonging to the city, and make report thereof to the board of aldermen."

MAYORS OF CITY OF CONCORD

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years, at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected, in December, 1910, for one year, and biennially thereafter in November beginning in the year 1911.

REPORT OF THE BOARD OF WATER COMMISSIONERS

To the Honorable Mayor and Board of Aldermen:

The Board of Water Commissioners are much gratified to be able to report that the Concord Water Works has had a normal year for the past year of 1932. The amount of receipts collected from the water takers has been sufficient to maintain the system in excellent condition for the operation of its two plants at Penacook Lake and the North Pembroke pumping station, and to carry forward a comfortable balance into the next year.

For the details of the operations of the system for the past year showing the amount of receipts and the amount of expenditures in the various departments in detail, including all work done of relaying old pipes, extensions, etc., we respectfully refer you to the report of our Superintendent, Percy R. Sanders.

It is again a pleasure to report to the citizens of Concord that the Concord Water Works have an abundant supply of pure water for all the needs of the City for a number of years to come. With the increased supply of water at Penacook Lake our Superintendent advises us that for part of the year 1933 the North Pembroke plant will be closed down and the water for the use of the City's high service plant will be pumped from Penacook Lake as we were accustomed to do before we obtained the extra supply of water from the driven wells in the Soucook Valley at North Pembroke.

Respectfully submitted:

For the Board of Water Commissioners
duly authorized.

HARRY H. DUDLEY,
President.

EXTENSIONS AND IMPROVEMENTS

Distribution pipes relaid in Penacook:

10-inch:

Summer Street, 1120 feet in place of 8-inch cement-lined discontinued.

8-inch:

Merrimack Street, 1480 feet in place of 8-inch cement-lined discontinued.

Centre Street, 686 feet in place of 8-inch cement-lined discontinued.

Cross Street, 684 feet in place of 8-inch cement-lined discontinued.

6-inch:

Church Street, 470 feet in place of 6-inch cement-lined discontinued.

Summer Street, 273 feet in place of 4-inch cement-lined discontinued.

On hydrant branches, 85 feet in place of 6-inch cement-lined discontinued.

Ten gates were set; eleven discontinued.

Extensions of distribution pipe were:

6-inch:

34 feet on connection replacing 4-inch.

2-inch:

Bow Street, south from Carter Street, 509 feet.

1½-inch; galvanized, 329 feet.
Relaid 276 feet of 1½-inch.

On hydrant branches, 50 feet of 6-inch; 12 feet of 4-inch discontinued.

Four gates were set; one was discontinued.

One new hydrant has been set:

Summer Street, Penacook, at east end of street.

Six old hydrants have been replaced by new ones.

Thirty-three new services have been laid consisting of 779 feet of ¾-inch; 8 feet of 1-inch; 19 feet of 2-inch; and 104 feet of 1½-inch.

Also one 4-inch fire line to City Sheds, with one private hydrant set.

18 services were discontinued of which four were replaced by new ones. One hundred and forty-nine services were relaid and curb valves placed on eighty-six old services.

Sixty-one new meters have been set and eight have been discontinued.

The driven well system has now been in operation for two years, all the water used by the high service being pumped from this source.

Records have been kept daily of the ground water levels and the results have shown that there is an ample supply of water as at no time has the level been drawn to the limit of the capacity of the pumps. It is planned to use this well supply only until the level of water in Penacook Lake rises to within two feet of the overflow and then to shut this station down and pump from the lake.

On January 1, 1932, Penacook Lake was at its lowest level for the year, 176.70; the highest point reached was 182.10 on May 6. On December 31, the lake stood at 181.20; average height for 1932, was 180.36.

There has been little extension work during the year; relaying cement-lined pipes in Penacook with cast-iron

street mains was resumed and the general maintenance of the department has been carried out as usual.

I wish to express my thanks to the members of the Board and our loyal force of employees for their cooperation in carrying along the work of the water department.

Respectfully submitted,

PERCY R. SANDERS,

Superintendent.

FIRE DEPARTMENT

To the Board of Mayor and Aldermen:

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1932.

The Department responded to 628 alarms.

ALARMS

	Bell	*Still*	*Total*
Precinct,	49	341	390
Penacook,	25	75	100
East Concord,	9	20	29
West Concord,	14	39	53
Plains,	10	46	56
Totals	107	521	628

While the number of alarms exceeded those of the previous year by one hundred and one, the loss was considerably less.

The apparatus is in good condition. An Ahrens Fox 500 gallon pumping engine was added to the equipment. One old hose and chemical truck was discarded.

With the purchase of the new pumping engine, and the subsequent shifting of the apparatus, has added greatly to the efficiency of the Department.

One thousand feet of hose was purchased. All hose was tested and found to be in good condition.

Our Fire Alarm system is in good condition. When circumstances will permit, I would recommend the installation of a few more fire alarm boxes.

I respectfully recommend the purchase of one thousand feet of hose during the present year. The purchase of

an additional ladder truck should be given serious consideration.

It is with regret I report the loss by death, to the Department, of three valuable members.

W. C. Green who had been a member of the Department for over fifty years, and Chief for thirty eight years, died Oct. 27, 1932.

By his untimely departure, the Department has lost an efficient officer, and a true friend.

I wish to express my appreciation for the courtesy and consideration shown this Department.

Respectfully submitted,

W. T. HAPPNY,
Chief Engineer.

Respectfully,

GEORGE A. S. KIMBALL,

Chief of Police.

REPORT OF THE ENGINEERING DEPARTMENT

Concord, N. H., December 31, 1932.

To the Board of Public Works:

Gentlemen: The following is the yearly report of the various subdivisions of this department:

Engineering

Appropriation,	$5,385.00
Expended,	5,382.96
Balance,	$2.04

An itemized account of all work and expenditures is kept on a card system, which we will be pleased to show and explain to all interested parties.

Ninety-two plans and 1,365 blue prints were made; 2,708 feet of grade stakes were set; 402 transfers of property were recorded; 0.276 miles of street were laid out in 1932, bringing the total mileage of streets and roads in the entire city up to 180.974 miles.

The deed book of Blossom Hill Cemetery showing transfers of lots was brought up to January 1, 1933.

The employees of this department have been: Edward E. Beane, assistant engineer; C. Fred Moulton, transitman; Frances Richardson, clerk; and Frank S. Merrill, accountant, all of whom have rendered valuable service to the city.

Sewers

Appropriation,	$13,000.00
Receipts,	558.10
	$13,558.10
Expended,	13,232.00
Balance,	$326.10

Sewers were constructed in the following streets:

Fowler Street, Pen.,	1184 feet	8″	Akron, 9 Catch Basins
Dunklee Street,	92 "	8″	"
Kennedy Street,	50 "	12″	"
	1,326 feet		

Twenty-four catch basins were built and connected; 24 man-holes were built.

There were 93 private pipe plugs and 42 main line plugs which were immediately removed.

There were 17 house connections laid.

A detailed account of every job, bill, etc., is kept in this office.

In April 1932, a Chevrolet one and one-half ton truck was purchased, and one Chevrolet one and one-half ton truck was turned over to the highway division.

The total mileage of sewers built in 1932 was 0.241.

The department maintains 57.039 miles of main sewers, located as follows:

City Proper,	42.872 miles
West Concord,	3.972 "
East Concord,	2.436 "
Penacook,	5.844 "
Plains,	0.718 "
St. Paul's School,	1.197 "
Total,	57.039 miles

Our regular employees of this department have been, William H. Murphy, foreman; Richard Morrill, James J. Berryman and Wilbur A. Kendall, assistant foremen, all of whom have been of great assistance to the department.

Street Lights

During the year there were installed electric street lights as follows: 9-60 c. p.; 1-40 c. p.; making the total number of lights in operation December 31, 1932, as follows: 143-600 c. p.; 212-200 c. p.; 585-60 c. p.; 553-40 c. p.

Appropriation,	$45,500.00
Expended,	45,497.50
Balance,	$2.50

Trees

Appropriation,	$6,000.00
Receipts,	221.49
	$6.221.49
Expended,	6,219.76
Balance,	$1.73

The care of trees is handled by forces under foreman J. Henry Jordan. The work involved has been the removing of dead trees and branches, and the removing of brown tail and gypsy moths from the trees in the streets and on private property. The work on private land was charged to the owner, and it is evident from the number of complaints as to the cost of removing these pests on private property, that it would lead up to believe that the property owners should care for their own trees.

Garbage Other than Table Garbage

Appropriation,	$35,000.00
Receipts,	54.00
	$35,054.00
Expended,	35,053.83
Balance,	$0.17

This work is done by our regular forces, and our method of collecting seems to be satisfactory.

Table Garbage

Appropriation,	$4,360.00
Expended,	4,360.00

The collection of table garbage is done by contract. Bert C. Holt has the contract for collection of the city proper at $4,000 per year, and Eugene Vezina has the contract for collection in Penacook at $360 per year.

Roads and Bridges

Appropriation,	$160,000.00
Receipts,	22,075.61
	$182,075.61
Expended,	182,073.18
Balance,	$2.43

Construction

The State Highway Department built 3.92 miles of road from the O. K. Garage to the Loudon line, and it is now part of their trunk line system. They also built the air-port road from the Daniel Webster highway northerly to the road leading into the airport. The city de-

partment have patched and tarred 32.61 miles of road, and shaped-up and graveled 29.83 miles. Putting the above onto a square yard basis, it would equal:

Built by the state,	96,430	square	yards
Built by city department:			
Roads patched and tarred,	682,166	"	"
Roads built and tarred twice,	77,508	"	"
Roads built and not tarred,	343,500	"	"

Bridges

The twin bridge over the Contoocook river was replanked. The sidewalk at the lower bridge was rebuilt. Both piers on the main street bridge, Penacook, were rebuilt from the river bed to above average of water line.

Culverts

Culverts were rebuilt and roadways widened at various locations throughout the city, where needed.

Fences

As time permitted, guard rails were built at dangerous points throughout the city, where needed.

Snow Removal

The streets and roads were plowed seven times. The total depth of snow was 61 inches. Sidewalks were plowed eight times.

Cleaning of Streets

The motor driven flusher was used, and three patrolmen worked on North and South State streets and North and South Main streets.

Garage and Stables

A new floor was laid in the stable. Several pieces of machinery were bought for the garage, so that now our own forces are able to do practically every thing necessary to keep our equipment in shape. The sanitary conditions at the stable were very poor, and a new toilet has been installed for the use of the office force and foremen, and a portion of the old equipment has been changed to another location, for the use of the laborers.

Equipment Purchased

One horse and four snow plows were purchased for road work. Several miscellaneous tools for the garage.

No. 20 International truck was dismantled. Two horses were laid away.

Sidewalks

Sidewalks were repaired and new sidewalks laid when petitioned for, and about three miles of gravel sidewalks were resurfaced.

Insurance

Additional insurance was placed on the workmen.

General

We have had a new three-way hydrant installed in the shed yard, for our own fire protection.

We have on file in our office, progress maps which show the road work done each year.

Our records are kept on a card system which shows all expenditures. We would be pleased to show them to anyone interested.

Work has been done for committees and departments when requested. Requests from citizens were granted when it was possible to do so.

For the many courtesies extended me by Mayor Robert W. Brown, the citizens, heads of departments and your board, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,

Commissioner of Public Works.

REPORT OF THE BOARD OF HYDRANT COMMISSIONERS

CONCORD, N. H., December 31, 1932.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-seventh annual report of this board for the year 1932 is herewith submitted.

During the year one new hydrant was installed on Summer street, Penacook, at the east end of the street.

One hydrant was installed at the city stable yard on Warren street.

Respectfully submitted,

PERCY R. SANDERS,
FRED W. LANG,
WILLIAM T. HAPPNEY,

Board of Hydrant Commissioners.

REPORT OF THE BOARD OF EXAMINERS OF PLUMBERS

CONCORD, N. H., December 31, 1932.

To the Board of Public Works:

GENTLEMEN: The thirty-third annual report of this board is herewith submitted.

The membership of the present board is as follows: Arthur W. Brown, an examined master plumber; Walter C. Rowe, M. D.; and Fred W. Lang, commissioner of public works. Mr. Brown is chairman of the board, and Fred W. Lang, clerk.

One application for a master's license, and two for journeyman's were received. Three meetings of the board were held, the applicants were examined, and one passed the required examination, while two failed to pass.

There are four classes of plumbers on the register, and are listed as follows:

Total number of registered masters	7
Total number of registered journeymen	2
Total number of examined masters	29
Total number of examined journeymen	14

Respectfully submitted,

ARTHUR W. BROWN,
WALTER C. ROWE, M. D.
FRED W. LANG,

Board of Examiners of Plumbers.

REPORT OF THE BUILDING INSPECTOR

CONCORD, N. H., December 31, 1932.

To the Board of Public Works:

GENTLEMEN: The ninth annual report of your building inspector is herewith submitted:

There were 56 building permits issued.

There were 71 zoning permits issued.

There were 112 buildings completed.

There were 18 signs erected.

The inspections have taken a great amount of time, and I feel that the code has been lived up to cheerfully by the contractors.

This department works in conjunction with the Zoning Board of Adjustment, and 35 cases were referred to them.

For the courtesy extended me by Mayor Robert W. Brown, your board, the contractors and citizens, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,

Commissioner of Public Works.

REPORT OF THE CITY LIBRARIAN FOR 1932

To the Board of Trustees of the Concord Public Library:

GENTLEMEN: I want to make this report so brief and so worth-while that the Monitor will print it and thus acquaint tax-payers with a few facts about one of the departments they support; this one, however, they support only in part; the $7500 voted annually by the city to the Library would not pay all its expenses; that sum is supplemented by the interest on the dozen bequests which have been willed to the Library. Of course the interest on these trust funds has lessened woefully during the depression; therefore we have pared expenses the past year and made the total cost of running the Library in 1932, only $10,200. Items of expenditure are as follows:

Salaries librarian, 4 assistants, janitor	$5,949.84
Books and magazines	1,804.17
Bindery	716.60
Printing	106.95
Fuel and light	745.65
Incidentals	884.78
	$10,207.99

It might be added here that we take in annually $500 in fine money.

In respect to recent enforced economy, we have fared like all public libraries; and we have been like them in that we did last year a bigger business than ever; but we have been more fortunate than many because we have not had to curtail one hour of being open to the un-

employed and the down-hearted. Heat and light and good reading continue as free as the founders of this institution meant they should be.

The circulation figures for 1932 are as follows:

Desk	121,539	volumes
Penacook branch	11,930	"
East Concord branch	935	"
West Concord branch	8,100	"
Schools	1,084	"
	143,588	"

This is a gain of 31,944 over the circulation of 1931. In the Reference Room 5,335 persons have applied to Miss Dennett; over the telephone have come approximately 1,000 requests for renewals of books or for information. This totals 150,000 as the year's business, the largest service in its 78 years of existence.

The outstanding feature of the past twelve months has been the installation of open shelves on one wall of the delivery room, so that borrowers can make their own selection. It is this privilege together with removal of the limit as to the number of books taken, which has caused chiefly the great increase in circulation. It has also attracted an unusually large number of new borrowers, namely, 1,343, of whom 520 were of school age. At the Penacook Branch 135 new customers ran the Ward 1 registrations up to over 600.

The number of books added in 1932, including new publications and replacements, was 1300; worn out, 670; net gain 630, making the number now in the Library 41,435 volumes. The only way we are able to make this building still shelve our volumes is by discarding freely. Our crowded space would have failed utterly years ago if we had to keep government documents, cen-

sus returns and state publications, all of which are to be found at the State Library.

Open shelves will very likely cause us to lose more books. Annually 4000 reminder postals are sent to secure the return of those overdue. When no attention is paid to these, one of the staff calls for the book, only to find, all too often, that the delinquent has moved out of town.

At the close of this interesting year, let me express deep appreciation of the constructive suggestions and active help rendered by the President of this Board, of the patience of the public over our insufficient buying, and of the invaluable assistance of the four on my staff.

Respectfully submitted,

GRACE BLANCHARD,

City Librarian.

REPORT OF THE OVERSEER OF THE POOR

Concord, N. H., December 31, 1932.

To His Honor, Mayor Brown and the Board of Aldermen:

GENTLEMEN:

I herewith submit my report as Overseer of the Poor for the year ending December 31, 1932.

Due to the continued period of depression the City is giving aid to approximately 150 City Families and 325 County Families making a total of 475 Families with an average of four persons to a family totalling some 1,900 persons.

August 1, 1932 the unemployment funds of the Concord Family Welfare Society became exhausted, including $7,500 raised in a campaign by the Unemployment Committee for the private relief agencies, which necessitated the taking over by the City and County of approximately 75 families.

These families were transferred on a very short notice and the City was exceptionally fortunate in securing the services of Miss Ruth Whitcomb temporarily, to investigate home and other conditions regarding these families.

Early in the summer Mr. James M. Langley, Chairman of the State Unemployment Committee offered to the City and County the services of a State Paid Investigator, which offer was accepted by a vote of the Finance Committee of the Board of Aldermen.

During the year the Board of Aldermen made possible an appropriation for so called made work, which was a great help, not only financially, but to the persons receiving said work.

These are very trying times and with the cost of relief increasing rapidly and fast becoming an outstanding figure in our budget the co-operation of every individual and private relief agency must be had to meet the situation successfully and economically.

The expenditures for this department for both City and County will be found in the Financial Statement of the City in this report.

In conclusion let me express my thanks to His Excellency Hon. John G. Winant for the gift of $12,000 from the State in December and to Mayor Brown and the Board of Aldermen, Board of County Commissioners and all private agencies for all assistance rendered during the year, financially and otherwise, which helped me in carrying on this work.

Respectfully submitted,

ARTHUR E. ROBY,

Overseer of Poor.

REPORT OF SEALER OF WEIGHTS AND MEASURES FOR THE CITY OF CONCORD

To His Honor the Mayor and Board of Aldermen:

During the past year your sealer tested 994 scales, 682 of which were found correct and were sealed, 261 were adjusted before being sealed, 20 were confiscated, not being susceptible of repair, and 31 were condemned for repairs and later reinspected and sealed.

There were 1,232 weights tested, of which, 1,216 were found correct, 1 adjusted before being sealed, and 15 confiscated.

There were 3,443 liquid measures tested, 3,416 of which were found correct and were sealed, 1 was adjusted before being sealed, 16 were confiscated, and 10 condemned for repairs and later reinspected and sealed. Twenty-four dry measures were tested and sealed.

There were 454 tests made of automatic pumps, 321 of which were correct and sealed, 106 adjusted before being sealed, 3 were not susceptible of repair and were condemned for use; 24 were condemned for repairs and later reinspected and sealed.

Of the 2,998 reweighings made of commodities wrapped in advance of sale, 2,867 were found to weigh correctly, 66 were over weight and 65 under. There were 7 reweighings made of coal in the process of delivery, 4 of which were found correct, 1 over and 2 under weight. Thirty-four cart bodies used in the delivery of wood were measured, 31 of which were found correct and 3 incorrect.

In addition to the above, your sealer tested 6 tank trucks having a capacity of 3 to 5 hundred gallons each and one meter attached to a truck. He also complied with requests of several citizens to have coal bins and piles of wood measured.

At this time your sealer feels that an explanation concerning the condemnation of the city scale will not be amiss. For several years it had been necessary to condemn this frequently for repairs and in the spring of 1932 a thorough examination and test disclosed that the scale was in a serious condition and that extensive repairs would be necessary. After conferring with the Mayor and learning that there were no available funds with which to make such repairs, it was decided to condemn it for further use.

Respectfully submitted,

GEORGE A. DEARBORN,

City Sealer of Weights and Measures.

REPORT OF THE CITY SOLICITOR

January 1, 1933.

To the Board of Mayor and Aldermen:

In accordance with the provisions of the City Charter, I herein submit a report of my activities as City Solicitor for the year 1932.

In addition to the usual work of assisting and advising all departments of the City Government, including the Committee on Accounts and Claims and the drafting of contracts, deeds and resolutions, much time has been required by the Water Board in connection with the settlement of claims against the new Soucook River Pumping Station. The increase in the number of parcels of real estate sold to the city for nonpayment of taxes resulted in the necessity of having forms printed to expedite the work of notifying the mortgagees as required by law.

The Charter requires that I report all cases pending in which the city is interested, and the disposition of those cases which have been closed during the year.

The following cases in which the city is interested are pending at this time, namely:

Charles R. Maltais v. City of Concord, an action brought for injuries occasioned while working for the Water Board. This case was tried at the April Term and was defended by Murchie, Murchie & Blandin, representing the insurance company. Because the damage sought was in excess of the coverage provided by the policy, I assisted in the trial of the case. A verdict for the plaintiff was rendered for $2,000,—, and the case is now before the Supreme Court on exceptions. The coverage provided by the policy was $5,000.—.

Charles P. Mullins v. City of Concord, an action brought against the City of Concord and the Recreation

Committee to recover wages alleged to be due for work on Memorial Field on South Fruit Street.

Ethel Blankenberg v. City of Concord, an action for injuries alleged to have been occasioned by a defect in the sidewalk due to an excavation made by the water board and improperly filled by the Department of Public Works.

Leon Trembly v. City of Concord and Milan R. Piper, entered at the October, 1927, term of the Superior Court. This is an action brought to recover for injuries occasioned to the plaintiff by a fire truck owned by the city and operated by Piper.

City of Concord v. Edwin B. Hale, an action brought to recover for damage to the silent policeman on South Main Street near Kelley's Drug Store as a result of an automobile accident. The car involved was attached, but was repossessed by a finance company, and Hale cannot be found. It will be necessary to discontinue this action.

Maurice Fitzgerald v. Thomas Nawn, an action brought by the plaintiff who was an employee of the city against a fellow employee in the Department of Public Works, to recover for injuries alleged to have been sustained by the plaintiff as a result of an accident involving a Ford truck owned by the city. I have entered my appearance for Mr. Nawn personally, but I feel that the city has some interest because the insurance company which wrote the policy on this truck at the request of the city has denied liability and refuses to defend.

Maurice J. Fitzgerald v. Roland S. Moran, an action brought to recover for personal injuries alleged to have been sustained while riding on a truck operated by Moran and owned by the city of Concord. Moran is being defended by the insurance company, which claims nevertheless, that in the event a final judgment is procured against Moran it will hold the city liable for failure

to give notice of suit within the time required. This suit was brought in September, 1930.

The following cases have all been settled with the co-operation of the National Surety Company which bonded Mr. Norquist, namely:

Strafford Iron Works, Inc. v. Norquist Construction Co., Inc., and City of Concord;

E. D. Ward Co. v. Norquist Construction Company, Inc., City of Concord, John Doe, Trustees;

Concord Brick Company v. Norquist Construction Co., Inc., City of Concord, John Doe, trustees;

John Swenson Granite Co. v. Norquist Construction Co., Inc., City of Concord, John Doe, trustees;

Wellington Carpenter v. Norquist Construction Company;

George F. Blake, Inc., v. Norquist Construction Co., Inc., John Doe, trustee;

Orr & Rolfe v. Norquist Construction Company, Inc.;

Arthur Trepanier, George Trepanier, Henry Trepanier,

N. H. Glass Co. v. Norquist Construction Company, Inc., City of Concord, Concord Water Works, John Doe, trustees;

A. H. Britton Co., A. H. Britton v. Norquist Construction Company, City of Concord, Concord Water Works, John Doe, trustees;

Barden Colman Company v. Norquist Construction Company, City of Concord, trustee;

A. H. Britton & Company v. Norquist Construction Co., Inc., City of Concord, trustee;

William J. Lynch v. Norquist Construction Company, Inc., City of Concord, trustee;

Dolben & Co. v. Norquist Construction Company, Inc., City of Concord, trustee;

Thompson & Hoague Co. v. Norquist Construction Co., Inc., City of Concord, Concord Water Works, trustees;

Alphonse Normandeau v. Norquist Construction Co., Inc., City of Concord, trustee.

The case of Boutwell Lumber Company v. Norquist Construction Company and City of Concord, trustee, is pending. Undoubtedly this case will eventually be settled by the bonding company without cost to the city.

An action in equity was brought by Conrad N. Hubert v. Fred W. Lang, Commissioner of Public Works, and the Board of Public Works in connection with the award of the garbage contract. This case was tried before a master in Manchester, who found in favor of the city. Subsequently, the suit was withdrawn by Mr. Hubert, without cost to the city.

The cases of Beatrice Greenwood v. City of Concord and Beatrice Greenwood v. Clarence S. Howser in which the plaintiff sued to recover for the destruction of an automobile and personal injuries occassioned by collision with a car owned by the city and operated by Mr. Howser in connection with his duties as fireman, were settled by the payment of the sum of $175.00. In this connection, it appeared that Mr. Howser was directed to go to the town of Bow and take charge of a piece of apparatus from the Concord Fire Department which had been sent to assist the Bow department. This work could not be construed as a governmental function of the City of Concord, inasmuch as the town of Bow reimbursed the City of Concord for the hire of that apparatus.

The Petition of the Boston & Maine Railroad before the Public Service Commission required several conferences with counsel for the railroad and attendance at the hearings. A report of the activities of the special committee appointed for the purpose of negotiating with the railroad was given to the board sometime ago. No decision on this petition has been made by the Public Service Commission.

At the request of the Court, I am preparing in the

matter of the Petition of Arthur H. Knowlton, Receiver for Derby Jewelry Company, for Advice as to Payment of Taxes, an informal brief in connection with the legality of the 1931 assessment. The decision of the court, however, in connection with this petition will not operate as a judgment on the question of the legality of the assessment.

I wish to express my appreciation of the assistance rendered by Mayor Brown, the City Clerk and staff, and the heads of all departments, and to thank them for the many courtesies extended to me.

Respectfully submitted,

ROBERT J. KELLIHER,

City Solicitor.

HEALTH DEPARTMENT

Reports of the Sanitary Officer and Milk Inspector

Mayor Brown, Board of Health and Board of Aldermen:

Gentlemen: The annual report and summary of the Health Department for 1932 is herewith submitted.

The city did not escape the scarlet fever which was so prevalent over the entire country. Many cases were reported, the majority of which were of a very mild type. Other than these cases the city has been exceptionally free from contagious diseases.

The Venereal Disease Clinics were held every Thursday at five P. M. at the rooms on Warren Street. Doctor Adams was in charge and was ably assisted by Mrs. Ada Parsons. Six hundred and eight treatments were given throughout the year and forty-one patients discharged as arrested or cured cases.

Dr. Charles H. Parsons was in charge of the Toxin-anti-toxin Clinics for the prevention of diphtheria which were held in January, February and March. Two hundred and seventy three children were given the three inoculations. Again we wish to express our sincere appreciation of the help given by the District Nursing Association and School Board. The success of our clinics has been due in part to the efficiency of Mrs. Benson and Mrs. Mansur.

A continued improvement was shown in the alleyways of the city, where regular inspections were made. Many nuisances and complaints were investigated and abated.

Cats, dogs, and other small animals which had died or

been killed and whose owners were unknown, were removed from streets and yards.

Having completed my fortieth year as Sanitary Officer of the City of Concord, I tendered my resignation on September 22, 1932, at which time a three months leave of absence was granted. Mrs. Marion Norris, who has acted as clerk of the department for the past six years, was appointed Acting Sanitary Officer until such time as a succeeding officer should be elected.

For the help and co-operation given me by the departments of the city I am most grateful and at this time I wish to thank the Mayor, the Board of Health and other members of the City Government for the many kindnesses shown me.

Respectfully submitted,

Charles E. Palmer,
Sanitary Officer.

On September 22, 1932, Mr. Charles E. Palmer tendered his resignation after forty years of efficient and faithful service as Sanitary Officer. His duties have been many and varied over the period of years and much progress in sanitation has been made since he assumed office. His foremost thought has always been for the health of the community and it is most fortunate that the city can still turn to him for advice and council if necessary. His friends and associates are wishing him many years of continued health and happiness.

Robert W. Brown, *Mayor, ex-officio, Chairman.*

REPORT OF THE PLAYGROUND COMMITTEE

To the Mayor and Board of Aldermen:

The activities of the playgrounds were successfully carried on under the leadership and supervision of Mr. Paul Crowell, Director, with the assistance of the instructors.

There was an estimated attendance of 60,000 for the summer, an increase of 30,000 since the playgrounds were started. It is especially pleasing to note that while the attendance is increasing, the cost per capita is decreasing. This you may note by comparing the appropriation of $6,500 with the estimated attendance.

The playgrounds are operated on a ten weeks basis. Over 250 contests were held during the summer in the various branches of the sports.

The swimming pool at the Soucook River is a failure, largely because it is too far from the city, but also because it would require the expenditure of a large sum of money to make it entirely satisfactory.

Your committee feels that there are many things that might be recommended at this time, but we feel that conditions at the present time do not warrant the expenditure of more money than is absolutely necessary to carry on, but rather to accomplish more with what we already have.

In closing, your committee wishes to thank the Mayor, the heads of the various departments, and their assistants for the cooperation extended to us.

Following is a financial statement of your playground Committee for the year 1932.

Respectfully submitted for the Comm.,

John T. Prowse,

Chairman.

I hereby certify that I have examined the foregoing accounts of Carl H. Foster, city treasurer, for the year 1932 and find all items of receipts and expenditures therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and the cash balance to be ninety-five thousand eight hundred twenty dollars and seventy cents (95,820.70), with notes outstanding and unpaid for one hundred twenty-five thousand dollars ($125,000.00), due May 15, 1933; the balance to the credit of Memorial Athletic Field Bond Account eight hundred thirty dollars and eighty-nine cents (830.89); and the City Water Department thirty-nine thousand nine hundred six dollars and twenty-six cents ($39,906.26).

ARTHUR E. ROBY,

City Clerk.

PUBLIC LIBRARY

Report of Trustees

To the Mayor and Board of Aldermen:

In addition to our Librarian's comprehensive report, I am announcing the selection of two new trustees, Mrs. M. A. Ingham, of Ward 2, and Mr. H. Styles Bridges of Ward 6, who are filling the vacancies caused by the resignations of Mr. Keeler and Mr. Woodward.

Because of the congestion this winter, in the downstairs rooms, the Shakespeare Clubs have granted use of their room on the second floor, as a women's reading room.

Final payment of the purchase price of the Armenia White property has been made.

Respectfully submitted,

WILLIS D. THOMPSON,
President of the Board of Trustees.
